

Program

Twentieth Annual Summer Meeting in Political Methodology The University of Minnesota July 17-19, 2003*

***The organizers gratefully acknowledge the support of the National Science Foundation, the Benjamin Lippincott Professorship in Political Economy, and the College of Liberal Arts and Graduate School at the University of Minnesota**

**Thursday July 17 (All paper sessions, Carlson School of Management [CSOM];
Lunch, Humphrey Institute; dinner, Weisman Museum)**

- 9:00-9:15am Welcome and Introductions
- 9:15-10:45 Plenary: "Demographic Forecasting"
CSOM Honeywell Gary King, Harvard University
Auditorium Federico Giroi, Harvard University
 Discussant: Chris Zorn, NSF & Emory University
- 10:45-11:00 Break
CSOM Lower Atrium
- 11:00-12:30 Paper #1 "Noncommunicative Harmonic Analysis Of Voting in Small
 Committees"
 Brian Lawson, University of Cincinnati
 Michael Orrison, University of Cincinnati
 David Uminsky, University of Cincinnati
 Discussant: Andrew Martin, Washington University
- Paper #2: "Primaries and Turnout"
 Rebecca Morton, NYU
 Kristin Kanthak, University of Arizona
 Discussant: Mitch Sanders, University of Notre Dame
- 12:30- 1:30 Lunch,
Humphrey Institute Atrium
- 1:30- 3:00pm Paper #1: "The Relevance of Framing Effects to Political Science"
 James Druckman, University of Minnesota
 Discussant: Dean Lacy, Ohio State University
- Paper #2: "Experimental Approaches to Trust in Principal Agent
 Negotiations"
 Andrew Whitford, University of Kansas
 Gary Miller, Washington University
 Discussant: Frederick Boehmke, University of Iowa
- CSOM 1123
- CSOM 1147
- CSOM 1123
- CSOM 1147

3:00-3:15pm Break
CSOM Lower Atrium

315-4:30pm Plenary: "Democracy as a Latent Variable"
CSOM Honeywell Simon Jackman, Stanford University
Auditorium Shawn Treier, Stanford University
Discussant: Larry Bartels, Princeton University

5:30pm Reception and Dinner, Weisman Art Museum (East Bank)
[Assigned seating—mentors and mentees]

Friday July 18 (All paper and poster sessions and dinner, Carlson School of Management [CSOM]; Lunch, Humphrey Institute)

8-8:50am Workshop 1: Analyzing Text Using Statistical Methods
CSOM 1132 Phil Schrodtt, University of Kansas; for a description of this session
see <http://www.ku.edu/~keds/PolMeth.03.outline.html>

9:00-10:30 Plenary: Topics in Bayesian Inference
CSOM Honeywell Brad Carlin, University of Minnesota,
Auditorium Department of Biostatistics

10:30-10:45 Break
CSOM Lower Atrium

10:45-12:15 Plenary: Roundtable on Bayesian Inference in Political
CSOM, Honeywell Science
Auditorium Moderator, Larry Bartels, Princeton University
Jeff Gill, University of Florida
Gary King, Harvard University
Simon Jackman, Stanford University
John Londregan, Princeton University

12:15-1:15pm Lunch
Humphrey Institute Atrium

1:15-2:15pm **Faculty Poster Session,**
CSOM Upper Atrium

2:15-3:45pm Paper #1: "States as Policy Laboratories"
CSOM 2213 Craig Volden, University of Michigan/Ohio State U
Discussant: Jake Bowers, University of Michigan

CSOM 2215 Paper #2: "Presidential Elections and the Stock Market:
Comparing Markov Switching and (FIE)GARCH
Models of Stock Volatility"
David Leblang, University of Colorado
Bumba Mukherjee, Columbia/ Florida State University
Discussant: Michael Herron, Northwestern University

3:45-4:00pm ~~Break~~
CSOM Lower Atrium

4:00-5:30 Paper #1: "Identification and Estimation of Multidimensional
CSOM 2213 Spatial Models"
Douglas Rivers, Stanford University
Discussant: John Londregan, Princeton University

CSOM 2215 Paper #2: "Testing Nonnested Strategic Choice Models"
Kevin Clarke, University of Rochester
Curtis Signorino, University of Rochester
Discussant: Jonathan Wand, Stanford University

CSOM 1132 Paper #3: "Alternative Concepts of Space in Spatial Models
Of International Relations"
Nathaniel Beck, NYU
Kristian Gleditsch, UCSD
Discussant: Sara MacLaughlin Mitchell, Florida
State University

5:30-6:30 Reception and Dinner
CSOM Outdoor Courtyard (Barbeque)

6:30-8:00pm **Graduate Student Poster Session**
CSOM Upper Atrium

Saturday, July 19 (All events in Coffman Memorial Union; CMU (East Bank))

8-8:50am Workshop 2: The Comparative Study of Elections Project
Mississippi Philip Shively, University of Minnesota and Karen Long,
Room, CMU University of Michigan

9:00-10:30 Plenary “Imitative and Evolutionary Processes that
Produce Coordination Among American Voters”
Coffman Walter Mebane, Cornell University
Theatre, CMU Discussant: James Honaker, UCLA

10:30-10:45 Break, CMU Atrium

10:45-12:15 Paper #1: “Lagging the Dog? Panel Corrected Standard Errors”
CMU, Room 303 Gregory Wawro, Columbia University
Discussant: Robert Franzese, University of Michigan

Paper #2: “Causal Inference with General Treatment Regimes:
CMU, Mississippi Room Generalizing the Propensity Score”
Kosuke Imai, Princeton University
David A. van Dyk, Harvard University
Discussant: Phil Schrodtt, University of Kansas

12:15-1:30 Box Lunch, CMU Outdoor Plaza
(Reconnection with friends from Thursday night dinner encouraged)

1:30-3:00 Plenary “Estimation and Aggregation of Ordered Categorical Variables”
Coffman Charles Franklin, University of Wisconsin
Theatre, CMU John Jackson, University of Michigan
Discussant: Samantha Luks, University of Minnesota

3:00-3:30 Business Meeting
Coffman Theatre, CMU

5:30pm Reception and Dinner, Mississippi Room, CMU

Faculty Posters
Poster Presentations, Twentieth Annual Summer Meeting in Political Methodology, University of Minnesota, July 17-19.
 Friday, July 18; 1:15-2:15 PM, Upper Atrium, Carlson School of Management

Last	First	University	Title of Poster
Bailey	Michael	Georgetown	Bridging Institutions: Bayesian Common Space Preference Estimates for Presidents, Senators and Justices 1946-2002
Berinsky	Adam	MIT	<i>TBA American Public Opinion Since WWII</i>
Brandt Freeman	Patrick John	University of North Texas University of Minnesota	Bayesian Time Series Models of International Conflict
Clark Gilligan	Bill Michael	New York University New York University	Necessary or Sufficient, a simple test
Glasgow	Garrett	UC Santa Barbara	The Influence of Electoral Expectations on Economic Expectations
Jenkins	Jeff	Northwestern University	<i>Spatial Voting Theory and Counterfactual Influence: Running to Lose?</i> John C. Breckenridge and the Presidential Election of 1860
Monroe Carson Crespin	Burt Jamie Michael	Michigan State University Florida Intern'l University Michigan State University	Modeling Social Network Formation with Applications to the Discipline of Political Science
Peterson	Dave	Texas A&M University	<i>TBA Evolutions and The Decline of and Return of Party</i>
Sanders	Mitch	University of Notre Dame	On the Trail of the Campaign: Presidential Campaign Influences on Perceptions, Decisions, and Outcomes
Whitford	Andrew	<u>University of Kansas</u>	<i>TBA</i>
Zorn	Christopher	Emory and NSF	Agglomerative Clustering of Rankings Data, with an Application to Prison Rodeo Events.

Graduate Student Posters

Poster Presentations, Twentieth Annual Summer Meeting in Political Methodology, University of Minnesota, July 17-19.

Friday, July 18; 1:15 - 2:15 PM Upper Atrium, Carlson School of Management

Last	First	University	Title of Poster
Batumi	Joseph	Columbia University	Animal Spirits: The Impact of Economic Expectations on Economic Performance
Blaydes	Lisa	UCLA	External Rents and Regime Survival: A Bayesian Analysis
Block, Jr.	Ray	The Ohio State University	Disillusionment with American Liberalism and Support for Black Nationalism
Bullock	John	Stanford University	Rasch Assumptions: Problems in the Measurement of Political Knowledge
Cann	Damon	Stony Brook University	Leadership Investment in Legislative Loyalty: A Dynamic Panel Analysis
Diamond	Alexis	Harvard University	Propensity Score Matching: How to Negotiate with Terrorists and Other Useful Applications
Eom	Kihong	University of Kentucky	Ecological Inference and Regional Voting: The 16th National Assembly Elections of Korea
Fang	Songying	University of Rochester	"Multiple Institutions and Institutional Power Linkage in World Politics."
Fathang	Sean	Columbia University	The Civil Rights Act of 1991: A Structural Break in Civil Rights Enforcement
Franz	Michael	University of Wisconsin-Madison	The Agenda Politics of Political Action Committees
Golder	Matt	New York University	"Pre-Electoral Coalition Formation: Theory and Empirics"
Gwiasda	Gregory	Ohio State University	Information and Opinion Variance in Attitudes Toward the Vietnam War
Ho	Daniel	Harvard University	Majoritarian Electoral Systems and Consumer Power: A Matching Rejoinder
Holbrook	R. Andrew	The Ohio State University	Getting the Most Out of Experimental Data: Estimating Priming Effects Using Two-Stage Conditional Ordered Probit
Honaker	James	UCLA	
Hwang	Wonjae	Michigan State University	Multilevel Hierarchical Modeling in International Political Studies
Keele	Luke	UNC-Chapel Hill	Value Conflict, Ambivalence and Uncertainty in Party Identification
Kelly	Nathan	University of North Carolina	Who Gets What? The Politics of Income Inequality in the United States

Last	First	University	Title of Poster
Kwon	Hyeok Yong	Cornell	Has Economic Insecurity Produced Left-wing Voters? A Markov chain Approach
Levendusky	Matthew	Stanford	Measuring Constituency Ideology: A New Approach
Li	Tao	Harvard	Legislative Rule Selection: Data Overdispersion and Correction
Linzer	Drew	UCLA	Incumbency as an Electoral Liability for Parties in Parliamentary Democracies
Long	Karen	University of Michigan	Rational Ignorance, Party Competition and the Information Costs of Voting
Maimone	Christina	Stanford University	Measuring Social Diversity: An Item-Response Model in Cross-National Survey Data
Monroe Carson Crespin	Burt Jamie Michael	Michigan State University Florida International University Michigan State University	Modeling Social Network Formation with Applications to the Discipline of Political Science
Nadenichek Golder	Sona	New York University	Pre-Electoral Coalition Formation
Nagler	Jonathan	NYU	TBA
Noel	Hans	University of California at Los Angeles	The Coalition Merchants: The Spatial Structure of Ideological Discourse in American Politics
Pope	Jeremy	Stanford	Measuring Constituency Ideology: A New Approach
Ramsay	Kristopher	University of Rochester	A Statistical Model of the Divide-the-Dollar Game
Ridout	Travis	University of Wisconsin	Do Undecided Voters Break for the Challenger?
Shor	Boris	Columbia University	TBA <i>Modeling Institutional Complexity: A Bayesian Multilevel Model of Distributive Politics</i>
Sousa	Mariana	University of Notre Dame	Trade Openness and Democratic Survival: An Empirical Investigation
Sweeney	Kevin	Ohio State University	Testing the Balance of Power Theory: An Interest Based Explanation for Great Power Bargaining
Walker	Robert	University of Rochester	Monetary and Fiscal Policy with Endogenous International Finance
